

Hocking Valley Community Residential Center Annual Report Fiscal Year 2021

Hocking Valley Community Residential Center
--

Mission Statement: Our mission is to provide a safe environment where youth will receive positive rehabilitation that allows them to become productive citizens upon return to the community.

Located: 111 West 29 Drive Nelsonville in Athens County
of beds: 24 Funded Beds

Programs Offered: Our services include: Individual and group mental health counseling, drug and alcohol individual and group counseling, family counseling and parenting groups, educational programming and recreation. We provide youth the opportunity to complete community service hours. All treatment planning is implemented through each youth’s community-based Child and Family Team.

Governing Counties: Athens, Gallia, Hocking, Jackson, Lawrence, Pike, Meigs, Pickaway, Ross, Scioto, Vinton and Washington

Part 3 Interventions & Treatment

Explain treatment program: Each resident at HVCRC has an individualized treatment program which is family centered. We provide services not only at the Center but also in the home community. We provide the following treatment groups: Victim Awareness, Anger Management, Thinking for a Change, Substance Abuse and Mental Health Counseling. We also have an in-house Educational program with one licensed teacher.

Family Interventions

Explain Family sessions, parent groups, etc.: Youth are provided visitation time on and off grounds with their families during their stay; they also have mail and phone privileges. In addition, we offer individual family counseling to work on identified issues.

CCF	Family Visitation on Site	Number of Home passes Conducted	Number of Family Sessions Conducted
HVCRC	222 visits	10	Offered every weekend

Mental Health & Substance Abuse Treatment

Explain program components: HVCRC offers four groups per week; they include but are not limited to: Anger Management, Victim Awareness, Thinking for a Change and AOD Education Group. We have one licensed mental health counselor contracted with us from Hopewell Health Systems to meet the needs of our youth. Substance Abuse individual and group counseling services are provided by one licensed chemical dependency counselor contracted with us from Treatment Alternatives to Street Crime (TASC).

CCF	Mental Health Group	Substance Abuse Treatment Group	Individual Mental Health Sessions
HVCRC	16 grps/month	2-8 grps/month	Each youth 1-2 sessions/week

Sex Offender & Gender Specific Programming

Explain program components: Sex offender treatment individual and group counseling is provided by Hopewell Health Centers Inc. located off grounds in Athens. Youth receive one individual and one group session per week.

CCF	Sex Offender Programming	Gender Specific Programming
HVCRC	1 individual & 1 group/wk	

Assessments

Hocking Valley Community Residential Center receives OYAS scores from the committing court. Prior to discharge, HVCRC completes the Reentry Tool and forwards results to the committing court.

CCF	OYAS at Admission (16)	OYAS at Discharge (9)
	Total # of Admissions (16) (3 of these were re-admits)	Total # of Successful Discharges (9)
HVCRC	Low 5	Low 5
	Moderate 7	Moderate 3
	High 4	High 1

Of the 9 successful releases, 0 youth had OYAS scores that decreased on the Reentry Tool; 9 of the youth scores remained the same.

In-Program Behavioral Assessment: This assessment is conducted by staff on each youth before they move to Zone II and again before they move to Zone IV. There are 24 categories in the assessment which include, but are not limited to, Pro-social relationships, Personal shortcomings and mistakes, Non-violent alternatives, Consequences for Behavior and Responsibility for Past Behavior. Overall scores can range from 0-96, with 96 being the highest risk. The assessment results are given to the resident, assigned Youth Specialist, Probation Officer, and the resident’s team members. The purpose of the assessment is to help the resident identify the areas in which his behavior needs improvement.

We had 9 successful releases, 9 of them improved their scores in two or more categories on the re-assessment.

Average Length of Stay

Average Length of Stay Total = 7.7 months

Educational Enhancements

Explain who provides education / GED programs, etc.

Pre & Post tests if applicable

HVCRC has an in-house educational program with one licensed teacher. Athens-Meigs Educational Service Center oversees our educational programming. These numbers represent released youth.

Other –Medication issues (1); Physical Intervention (2).

There were 95 Non-Critical Behavioral Reports

Medical Incidents

The HVCRC Nurse responded to 22 sick calls ranging from cold symptoms to injuries requiring off grounds treatment by a physician.

PREA Incidents - HVCRC has not had any substantiated incidents

Part 5 Facility Highlights FY 2021

ODJFS Re-Licensure was obtained successfully January 2021.

PREA Audit was conducted on August 17, 2020 with 100% compliance.

ACA Audit was conducted on November 3, 2020 with 100% compliance.

CARF audit will be conducted in September 2021 for the first time.

Part 6 FY 2021 Quality of Life Activities

Due to the Covid – 19 Pandemic, Most of HVCRC’s usual off campus activities could not be done.

***HVCRC Residents participated in Music Therapy group virtually presented by Ohio University Students. They learned to play instruments through virtual instruction.**

***HVCRC went on two Nature Hikes**

***HVCRC held Christmas, Easter, and 4th of July parties/cook-outs for residents only.**

***Residents participated in very limited Community Service Projects: Cleaning and grounds maintenance at Methodist Church in Nelsonville. Residents helped the City of Nelsonville remove bricks from the Brickyard. Residents helped with the HVCRC garden and learned how to can pickles, as well as helping with cleaning and ground maintenance at HVCRC.**
